

Editorial Boo-boo

Sincere apologies from the Editor for the absence of an October edition. But then, did anyone notice?

I put it down to either the effects of the black hole that is Covid or to the onset of senior years.

Anyway, I hope this sortie into the realms of creative journalism fills you in with all our events leading up to Christmas.

Looking Ahead and Thinking Positively

Recent days have been somewhat turbulent, to say the least. There was great disappointment when all of President Jan's hard work came to a sudden halt when the proposed lighting up of the town square and St Mary's church came to a sudden and grinding halt. The less said, the better, but let's make End Polio Now Day in 2022 an event to be remembered.

The club suffered a further setback when the plans for the Food & Drink Fayre during the Jubilee weekend were scuppered by an alternative group's plans. Jan used all of her diplomatic resources and the matter is now resolved (with participating Rotarians maintaining a constant, disarming smile on their faces), but our plans for the Jubilee Saturday now need reconfiguring.

As it stands, we are still intending to mount our planned Walking Carnival and we still have the use of the Recreation Ground. How we use this is open for discussion: ideas please, on a postcard, to Rtn Gill as soon as possible so that we can re-gather our forces and move forward.
